## Safety Instructions

Please read the following before using Creative products:

- Use a Mains plug that is appropriate for your country or region.
- To be completely disconnected from the power input, the mains plug has to be disconnected/detached from the mains.
- Disconnect the mains plug when the device is expected to be unused for several days.

### Additional guidelines for Bluetooth® devices

- The short wave radio frequency signals of a Bluetooth device may impair the operation of other electronic and medical devices.
- Switch off the device where it is prohibited. Do not use the device in medical facilities, aircraft, refueling points, close to automatic doors, automatic fire alarms or other automatically controlled devices.
- Keep this device at least 20 cm from pacemakers and other medical devices. Radio waves may impair the operation of pacemakers and other medical devices

Note: 27VDC 1.7A

This speaker has an auto power management feature which complies with energy efficiency regulation required by certain regions (Europe).

### Compatibility Disclaimer

Wireless performance is dependent on your device's Bluetooth wireless technology. Refer to your device manufacturer's manual. Creative will not be liable for any loss of data or leakage resulting from the use of these devices.

### Notes

- <sup>1</sup> Refer to your *Bluetooth* device (notebook<sup>1</sup>, PC<sup>1</sup>, mobile device<sup>2</sup>) manufacturer's documentation/website for supported profiles.

- <sup>2</sup> Compatible with most major brands of Bluetooth A2DP enabled mobile phones and A2DP enabled mobile phones including (iPhone, Windows Mobile and Android phone).

### Product Registration

Registering your product ensures you receive the most appropriate service and product support available. You can register your during installation at <http://www.creative.com> register.

Please note that your warranty rights are not dependent on registration.

Model No. MF1655

## FAQ

Perform the following trouble-shooting steps before sending it for servicing. For more information, please refer to [support.creative.com](http://support.creative.com).

### The Creative T30 wireless cannot be powered ON. What should I do?

- Ensure the connection of the power adapter to the AC cord is firmly attached and connected to the speaker with the mains ON.

### There's no Bluetooth link between my device and the Creative T30 wireless. What should I do?

Ensure that your *Bluetooth* enabled device support A2DP profile. Refer to its user's manual on how to enable (turn on) the *Bluetooth* functions and capabilities.

You may try the following:

- Delete the Creative T30 wireless name entry from your *Bluetooth* device paired memory list and perform the steps in **Section 3 (Enjoy audio from Bluetooth devices)** to re-pair your device with Creative T30 wireless
- Make sure that there are no other wireless devices within 10 meter radius when pairing
- Ensure that both your *Bluetooth* devices and Creative T30 wireless are not connected to any other devices
- On some *Bluetooth* device, you may need to select Creative T30 wireless as your default output device after pairing is complete\*\*

**Bluetooth link is established and paired between the devices but there's no music. What should I do?**

\*\*With some built-in *Bluetooth* enable computers, 3rd party USB *Bluetooth* dongles or other devices, you may be required to manually specify/set the audio output as Creative T30 wireless, e.g., (under sound and audio devices section on your computer's operating system) Please consult your manufacturer's documentation for further information.

### I am unable to pair to my Bluetooth NFC enabled device

- Ensure that NFC is turned on for your device. For information on how to turn on NFC, please consult the documentation found on your NFC enabled device.

- Ensure that both your NFC enabled device is not connected to any other *Bluetooth* devices and that the Creative T30 wireless is not connected to a *Bluetooth* device and try again.

## Technical Specifications

- Bluetooth Version : Bluetooth 3.0
- Operating Frequency: 2402 - 2480 MHz
- Supported Bluetooth profiles: A2DP (Wireless Stereo Bluetooth)
- Supported codes: SBC, aptX<sup>®</sup>
- Operating Range: Up to 10 meters (Measured in open space. Walls and structures may affect range of device.)
- Device Operating Temperature range : 0°C to 45°C

- ▲ **Power Adapter Information**  
**Brand:** Creative  
**Model Number:** MSP-Z1700C27-0-4BW  
**Input:** 100-240VAC 50/60Hz 1.2A  
**Output:** 27VDC 1.7A

Note: 27VDC 1.7A

This speaker has an auto power management feature which complies with energy efficiency regulation required by certain regions (Europe).

Wireless performance is dependent on your device's Bluetooth wireless technology. Refer to your device manufacturer's manual. Creative will not be liable for any loss of data or leakage resulting from the use of these devices.

### Notes

- <sup>1</sup> Refer to your *Bluetooth* device (notebook<sup>1</sup>, PC<sup>1</sup>, mobile device<sup>2</sup>) manufacturer's documentation/website for supported profiles.

- <sup>2</sup> Compatible with most major brands of Bluetooth A2DP enabled mobile phones and A2DP enabled mobile phones including (iPhone, Windows Mobile and Android phone).

## DE

### Sicherheitsanweisungen

Lesen Sie vor der Verwendung von Creative-Produkten bitte die folgenden Hinweise:  
• Verwenden Sie einen landesspezifischen Netzstecker.  
• Für die vollständige Trennung von der Stromversorgung muss der Netzstecker vom Stromnetz getrennt (aus der Steckdose gezogen) werden.

Der T30 Wireless lässt sich nicht einschalten. Wie soll ich vorgehen?  
• Ziehen Sie den Netzstecker, das das Netzteil mit dem Netzteil verbunden ist, das Netzteil mit dem Lautsprecher verbunden ist und Netzstrom vonhandeln.

### Zwischen dem Gerät und dem T30 Wireless besteht keine Bluetooth-Verbindung. Wie soll ich vorgehen?

Verweigern Sie sich, dass Ihr Bluetooth Gerät A2DP-Profil unterstützt. Lesen Sie in Benutzer-Handbuch, wie die Bluetooth-Funktionen aktiviert (eingeschaltet) werden.

Sie können auch Folgendes versuchen:  
• Löschen Sie den Eintrag für Bluetooth-Verbindung aus der Liste der gespeicherten Geräteverbindungen des Bluetooth Geräts, und fügen Sie anschließend die Schritte unter Abschnitt 3 (Musik von Bluetooth-Geräten hören) durch, um Ihr Gerät erneut mit dem T30 Wireless zu koppeln.

Halten Sie dieses Gerät mindestens 20 cm von Herzschrittmachern oder anderen medizinischen Geräten entfernt. Funkwellen können den Betrieb von Herzschrittmachern oder anderen medizinischen Geräten stören.

This speaker has an auto power management feature which complies with energy efficiency regulation required by certain regions (Europe).

## FR

### Consignes de sécurité

Utilisez les informations suivantes avant d'utiliser des produits Creative:  
• Utilisez une prise électrique correspondant à votre pays ou à votre région.  
• Pour mettre l'appareil complètement hors tension, débranchez le câble d'alimentation de la prise secteur.

Il n'y a pas de liaison Bluetooth entre mon périphérique et le T30 Wireless. Que puis-je faire?  
Assurez-vous que votre appareil compatible avec Bluetooth prend en charge le profil A2DP. Pour savoir comment activer les fonctions et fonctionnalités Bluetooth, reportez-vous au Guide de l'utilisateur.

### Vous pouvez également tenter l'opération suivante:

Supprimez l'entrée T30 Wireless de la liste des périphériques médicaux de votre appareil compatible avec Bluetooth.

Assurez-vous que votre appareil compatible avec Bluetooth prend en charge le profil A2DP. Pour savoir comment activer les fonctions et fonctionnalités Bluetooth, reportez-vous au Guide de l'utilisateur.

Assurez-vous que vos périphériques Bluetooth et que le T30 Wireless sont connectés à la même source de signal.

Sur certains périphériques Bluetooth, vous pouvez être obligé de sélectionner T30 Wireless comme périphérique de sortie par défaut une fois le couplage terminé.

Une liaison Bluetooth est établie entre les périphériques et le couplage a été effectué, mais il n'y a pas de musique. Que puis-je faire?

Sur certains ordinateurs intégrant les fonctionnalités Bluetooth, certaines clés USB Bluetooth ou d'autres périphériques, vous pouvez être obligé de spécifier/configurer manuellement T30 Wireless comme source audio (dans la section Sons et périphériques audio de votre système d'exploitation, par exemple). Pour plus d'informations, reportez-vous à la documentation du fabricant.

### Caractéristiques techniques

- Version Bluetooth: Bluetooth 3.0
- Fréquence de fonctionnement: 2402 - 2480 MHz
- Profils Bluetooth pris en charge: A2DP (Bluetooth stéréo sans fil)
- Codes pris en charge: SBC, aptX<sup>®</sup>
- Portée de fonctionnement: Jusqu'à 10 mètres (Mesures réalisées dans un espace ouvert. Les murs et les structures peuvent influer sur la portée de fonctionnement.)

Il n'y a pas pu effectuer le couplage à un périphérique

Assurez-vous que votre appareil compatible avec Bluetooth prend en charge le profil A2DP. Pour savoir comment activer les fonctions et fonctionnalités Bluetooth, reportez-vous au Guide de l'utilisateur.
