INSERT MICRO SD MEMORY CARD

This player allows you to play those support media files from Micro SD memory card. Also, it will increase the mobile hard-disk memory capacity of the player if you use this option.
- Turn OFF the player and then insert the memory card into player's memory card slot; ensure that the memory card is inserted firmly and with the correct side.
- Now you can turn ON the player, the player will reading and searching the supported music files from memory card / internal memory, once found music will play automatically.
- Player will give priority to external memory card when it has been inserted into memory card slot, and then play the built-in memory.
- Before you want to take out the memory card from player, please turn OFF the player.

RESET THE PLAYER

In some circumstances, the device may encounter dead halt during use. This device has design with built-in a mini tact switch in a hole which located at right side on device. It can provide reset function to restart the device.

TO RESET:
- Carefully insert an unfolded paper clip or a similar thin, and if possible blunt, instrument (0.8 – 1 mm) into the hole until you touch the barrier. Actually that is the tact switch button surface.
- Then add a bit of force and you will get a click sound and feeling return from switch. The device is reset and restart in seconds.

TROUBLESHOOTING

Play cannot turn ON	• Check whether battery have enough energy.
No sound is heard	• Check whether Volume is set to "minimum" and connect the headphone plugs firmly. • Check whether the headphone plug is dirty. • Corrupted WMA / MP3 may make a static noise and the sound may cut off. Make sure that the music files are not corrupted. • Check whether music files format are support.
Upload / Download of music files fails.	• Check whether player's USB connector is connected with computer properly. • Check whether driver is installed correctly. • Check whether the player's memory is in full.

	WMA	32Kbps – 384Kbps
Headphones	Headphone power output	2 mW x 2 (at 32 Ohm)
	Frekvenční rozsah	20 Hz – 20 000 Hz
	Odstup signál/šum	80 dB
Audio File Type	MP3, WMA	
Operating Temperature	0°C to 40°C	
Operation System	Windows 2000 / XP or newer, MAC OS X 9.2 or newer	

INSTRUCTIONS AND INFORMATION REGARDING THE DISPOSAL OF USED PACKAGING MATERIALS

Dispose of used packaging material at a site designated for waste in your municipality.

DISPOSAL OF USED ELECTRICAL AND ELECTRONIC EQUIPMENT

This symbol on products or original documents means that used electric or electronic products must not be added to ordinary municipal waste. For proper disposal, renewal and recycling hand over these products to determined collection points. Or as an alternative in some European Union states or other European countries you may return your products to the local retailer when buying an equivalent new product.

Correct disposal of this product helps save valuable natural resources and prevents damage to the environment caused by improper waste disposal. Ask your local authorities or collection facility for more details. In accordance with national regulations penalties may be imposed for the incorrect disposal of this type of waste.

For business entities in European Union states

If you want to dispose of electric or electronic appliances, ask your retailer or supplier for the necessary information.

Disposal in other countries outside the European Union

This symbol is valid in the European Union. If you wish to dispose of this product, request the necessary information about the correct disposal method from the local council or from your retailer.

$C \in$ This product meets all the basic requirements of EU directives that apply to it.

Changes in the text, design and technical specifications may change without prior notice and we reserve the right to make these changes.
