

Push 'N' Connect

Better wireless performance for older and newer notebooks

- Provides better wireless coverage than older Wireless-G routers¹
- Extra performance boost when connected to Wireless-N devices
- Surf, email, stream music, play on-line games, and make Internet phone calls
- Push 'N' Connect can securely connect devices at the push of a button

Features

- Compared to Wireless-G, Wireless-N 150 provides better wireless coverage with Wireless-G devices and better speed with Wireless-N devices
- Push 'N' Connect using Wi-Fi Protected Setup™ (WPS)¹
 - A secured connection at the push of a button

STEP 1

Follow steps of the NETGEAR Smart Wizard wireless connection utility

STEP 2

Push the Push 'N' Connect button on your router

STEP 3

Connect securely

NETGEAR Green

*Basic technical support provided for 90 days from date of purchase.

† Maximum wireless signal rate derived from IEEE standard 802.11 specifications. Actual data throughput will vary. Network conditions and environmental factors, including volume of network traffic, building materials and construction, and network overhead, lower actual data throughput rate. NETGEAR makes no express or implied representations or warranties about this product's compatibility with any future standards. "N", "Wireless-N" and "draft 802.11n" refer to compliance with IEEE 802.11n draft specification version 2.0 only.

¹Works with Clients supporting Wi-Fi Protected Setup™ (WPS)
