Upgrade mobile storage and performance

Memory Cards | microSD 500S / 330S / 300S

Transcend's microSD 500S memory cards meet both the UHS Speed Class 3 (U3) and the UHS Video Speed Class 30 (V30) standards, ideal for action cameras and drone cameras. The microSD 330S and 300S memory cards, compliant with the latest speed class, boast excellent random read/write speed for retrieving small pieces of data from random locations, suitable for mobile apps and handheld game consoles.

Actions in detail

A good fit for mobile storage

- Meet UHS Speed Class 3 (U3) and the UHS Video Speed Class 30 (V30) standards
- Meet the new Application Performance Class 2 standards (USD330S)
- MLC NAND flash memory (USD500S)
- Protection against extreme conditions
- Exceptional reliability and long-life data retention
